Introducing Recovery Blend Drops

Calm, focused energy – with stamina & adrenal support.*

Meet your daily reset. Recovery Blend, our proprietary adaptogen formula, helps your body adapt to stress, sustain energy and stamina, and counter everyday fatigue—without jitters or crashes.

The research on this proprietary blend shows that 2 full droppers by mouth (or in water/tea) can be felt rapidly.*

Why It Works

Adaptogens help the body balance its stress response (HPA axis) and maintain steady energy output. AMS Recovery Blend, studied for over 70 years, combines time-honored botanicals in a fast-absorbing liquid drop for focus, stamina, and adrenal support you can feel.*

- **Balances and normalizes to body's systems:** leading to overall Homeostasis to alert energy without feeling stimulated*
- **Stress support** helps maintain healthy balanced cortisol levels*
- **Energy & stamina** supports sustained mental/physical performance*
- **Fatigue:** helps reduce feelings of everyday fatigue without stimulants*
- **Adrenal support:** nourishes healthy HPA-axis/adrenal function*

Here is some high level rationale for the ingredient blend.

Rhodiola rosea increases endurance, reduces fatigue, boosts immunity, overall longevity, stress reduction, neurological and mental advantages, insulin signaling, and glucose utilization.*

Rhodiola rosea also assists your body in adapting to stress and has been used in Russia and Scandinavia as a time honored approach to address anxiety, fatigue, and depression.*

Schizandra chinensis increases resistance to disease and stress, increases energy levels, and increases endurance and performance.*
